TECHNICAL DRAWINGS

KOMPAS

The Swiss bathroom specialist LAUFEN has developed in collaboration with the Danish designer Hee Welling a new bathroom series for the Scandinavian countries. Kompas stands for clear lines, reduced material use and functional design in the very best Nordic tradition. The series includes washbasins in three sizes that are perfectly fitting to the new vanity units and cabinets. In addition to a rimless wall-mounted toilet, Kompas includes three rimless floorstanding toilets with integrated cistern in typical Scandinavian style.
